

TIAN SHAN 2022

INTERNATIONAL EXHIBITION OF PHOTOGRAPHY

PSA 2022-575

2022-067

The Tian Shan meaning the Mountains of Heaven or the Heavenly Mountain, is a large system of mountain ranges located in Central Asia. The highest peak in the Tian Shan is Jengish Chokusu, at 7,439 metres high. Its lowest point is the Turpan Depression, which is 154 m below sea level. The name in Chinese, Tian Shan, is most likely a direct translation of the traditional Kyrgyz name for the mountains, Teñir Too. At the 2013 Conference on World Heritage, the eastern portion of Tian Shan in western China's Xinjiang Region was listed as a World Heritage Site. The western portion in Kazakhstan, Kyrgyzstan, and Uzbekistan was then listed in 2016.

The sponsors of this International Exhibition of Photography have been awarded Recognition by PSA, the world's largest patron of international photographic exhibitions. PSA, although it has provided Recognition, is neither a sponsor nor directly involved in the operation of this exhibition.

Valid acceptances received by PSA Members in recognized sections of this exhibition are eligible for PSA Star Ratings, listing in the world-wide PSA Who's Who of Photography and credited towards the PSA Distinctions of QPSA, PPSA, EPSA, MPSA, MPSA2, GMPSA, GMPSA/B, GMPSA/S, GMPSA/G, and GMPSA/P.

PSA is a non-profit organization promoting the advancement of photography in all its forms to novice, amateur and professional photographers world wide.

ARE YOU GOING TO ORGANIZE AN INTERNATIONAL EXHIBITION?

You make the policies and branding, Salon.Photo Platform will do the rest, automatically and errorlessly!
Website, Gathering of Photos, Judging Software & etc.

Salon.Photo Platform and *Judgment® Software* are made by Focus Team Software Group, it include a website for announcing the rules, news, status list and result and sing up entrants. Entrants can upload their art works(single or collection), edit their profile and entries, fill out the titles and pay their fee. The administrator also has access too several reports such as full information about entrants, entries, payments, statistic of country etc. All entries get uniquely renamed by the software. The entry later will be downloaded using FTP and will be import to Judgment Software for judging. Later on, all results will be exported from the software and will be imported to the website. As all the process is automated there will be no mistake.

Judgment® Software has all the requirements for judging such as: high speed, network judging, several stages of judging based on acceptance/rejection or scores, selection based on percentage or numbers, ability to return to the previews stage and selecting between special groups of works etc. Every jury member can select works by his keyboard. All the requested information for FIAP/PSA catalogs such as list of acceptances and table of statistics can be exported from the software.
